

Vendor Document Inquiry

Vendor Document Inquiry is launched from the Documents tab in the Vendor Inquiry window when you double-click a vendor document.

The document inquiry window provides up to 7 tabs of document information – similar to the way that Sage 300 Accounts Receivable Customer Inquiry and A/R Document Inquiry operate.

The following screen displays all 7 Vendor Document Inquiry tabs.

In multicurrency systems, you can choose to display amounts in vendor currency or functional currency. You can also drill down to source batches and to order and purchase order source documents.

The screenshot shows the 'PTDEMO - Vendor Document Inquiry' window. The title bar includes 'File', 'Settings', and 'Help' menus. The main area contains the following fields and tabs:
